Ranking and Reputation

The MGM Medical College Aurangabad also engages in social camps to disseminate the benefits of Mahatma Jyoytiba Phule Yojna, plastic surgery camps, ophthalmic camps, and educational activities by clinical and non-clinical departments. It has contributed to and worked for the victims affected by pilgrim festivals. Local health check-up camps and health check-ups under multi-diagnostic centres held in rural areas are difficult to access and deprived of health care services. MGM MCH, Abad always worked with the principle of a “patient-centric approach” to serve the actual beneficiaries in the community through community participation.
